WAVETABLE SYNTHESIZER

Roland Boutique

PIDD

OCT 20, 2026

AVAILABLE

OCT 2026

MORE INFO

WHAT IS IT?

n/vision is a small yet mighty synthesizer that supercharges classic wavetable synthesis with advanced Roland technologies.

This newly developed Roland Boutique instrument is a powerful platform for crafting rich sounds and evolving textures, offering hands-on control for immediate creative interaction and deep menu-driven tools for sophisticated sound design.

WHO'S IT FOR?

n/vision is a unique workstation for producers, synthesizer enthusiasts, collectors, and experimental artists seeking advanced sound-creation capabilities and inspiring tactile control in a miniature instrument.

KEY BENEFITS

1 MODERN MEETS VINTAGE

FEATURES

- Original Roland Boutique instrument that combines wavetable synthesis with Roland's latest technologies.
- Easily craft rich harmonic textures and evolving timbres.
- Vintage-inspired filter models and modern analog-style filtering.
- Premium Roland Boutique design with attractive new white side panels.
- Portable, standalone mini synth with a built-in speaker and K-25m keyboard dock (included).

2 DEEP SOUND DESIGN WORKFLOW

FEATURES

- Fluid sound creation with two-part multitimbral capability, dual/split modes, two-layer wavetable architecture, and hands-on controls.
- Wave shaper processing for sophisticated harmonic manipulation.
- Oscillator modulation and wavetable position control, plus a spread control for expanded stereo imaging.
- Step LFO and advanced modulation options.
- Arpeggio function for creating evolving patterns and rhythmic movement.
- 17 onboard effects, plus on-demand delay and a dedicated reverb with five types and a unique shimmer mode.
- Immediate front-panel workflow plus deep, menu-driven sound design tools for advanced users.

3 CREATE ANYWHERE

FEATURES

- Go-everywhere design and compact footprint for travel, desktop setups, and mobile rigs.
- USB-C audio/MIDI interface for connecting to a computer.
- Traditional MIDI I/O for connecting with hardware devices.
- External clock input to smoothly integrate with analog workflows.
- Powered via four AA batteries or USB-C.

SOUNDS THAT MORPH AND MOVE

Powered by Roland's latest sound advancements and the unique wavetable synthesis approach, n/vision allows players to craft evolving digital textures with a familiar hands-on synthesizer workflow. Independently blend and shape two wavetable layers within upper and lower parts to create animated movement, evolving pads, aggressive leads, complex timbres, and more.

Advanced Oscillator Modulation

Multiple modulation sources can influence wavetable position, layer balance, pitch, and shaping parameters, enabling highly dynamic sound movement.

Wave Shaper

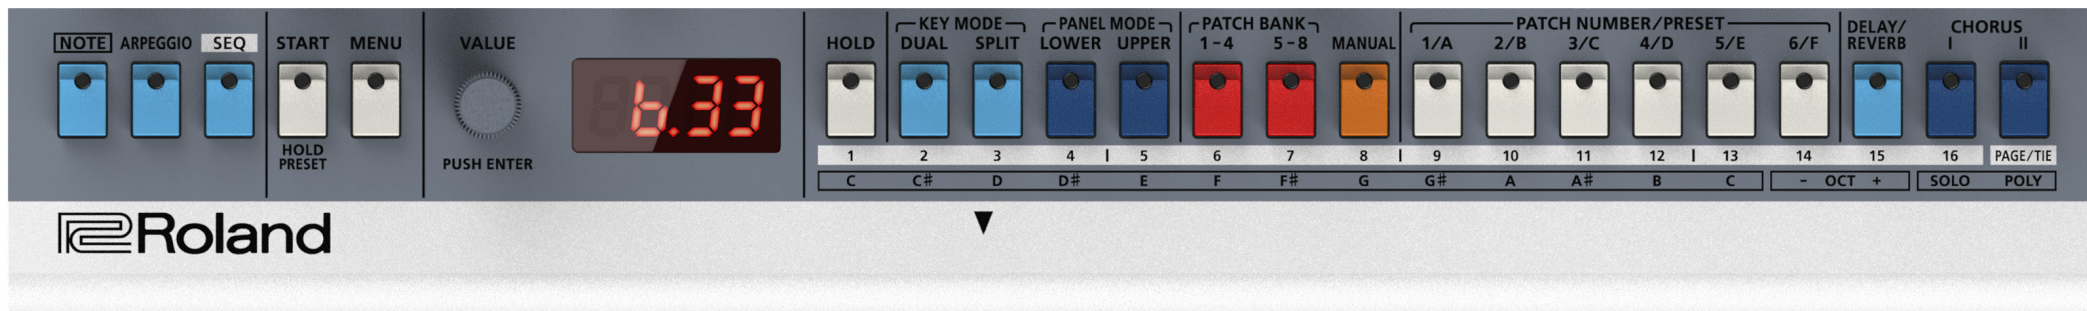

Wave shaper technology transforms incoming waveforms with nonlinear processing, generating new harmonics and unique textures beyond the capabilities of traditional wavetable synthesis.

Rich Processing

Dial in a limitless range of tonal characters with a drive-enabled analog-modeling filter and multiple filter models inspired by classic synthesizers. There's also an MFX engine with 17 effect types—including the famous JUNO chorus effect—plus dedicated delay and reverb. The reverb features a unique shimmer mode that applies an octave-shifted color to the current reverb type.

Deep Modulation

Step LFO, oscillator modulation, motion recording, and extensive parameter control unlock powerful sound-design capabilities for advanced users.

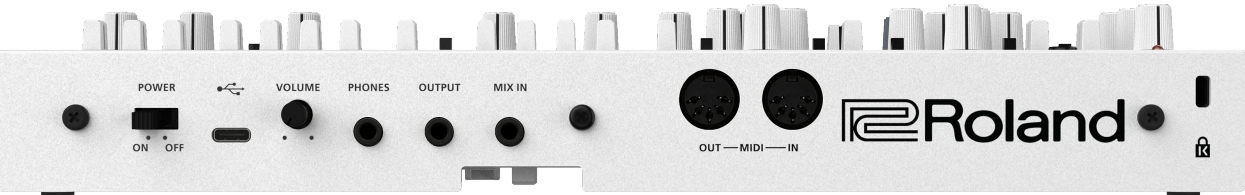

Polyphonic Sequencer and Arpeggiator

Create basslines, chords, and melodic sequences with a two-part, 64-step polyphonic sequencer that supports up to eight notes per step plus motion recording. An arpeggio function is also available for crafting dynamic, evolving sounds on the fly.

Compact Roland Boutique Design

n/vision offers all the great design features of the Roland Boutique series, including a built-in speaker and flexible battery/USB-C power for music creation on the move. A K-25m keyboard dock is included, creating a standalone mini-instrument that's ready to travel everywhere.

BUILD SUMMARY

MODEL NUMBER			N/VISION
MODEL NAME			n/vision
PRODUCT CODE			428361A
SCHEDULE			TBC
AVAILABLE			OCT 2026
NEW/REPLACES			New
PRODUCT	SIZE	MM	308 x 209 x 54
		IN	12-1/8 x 8-1/4 x 2-1/8
	WEIGHT	KG	1.7 kg
		LB	3 lb 12 oz
ORIGIN			China
SKU	EAN/JAN		4957054524012
	UPC		761294524015
IN THE BOX			• Quick Start • Leaflet "USING THE UNIT SAFELY" • Alkaline battery (AA, LR6) x 4 • K-25m • K-25m Owner's manual
RECOMMENDED ACCESSORIES			Boutique Dock DK-01

INCLUDED
KEYBOARD DOCK
K-25m
